PROFILE

Passionate about building **high-performance, scalable, and visually appealing web applications**.
Proficient in **Laravel, PHP, MySQL, RESTful APIs, and Git**, advanced debugging skills.

EDUCATION

Bachelor of Science in Computer Science
Faculty of Computers and Information ,Kafr El_Sheikh University *2019 - 2023*
Grade: Very Good with Honors | GPA : 3.3

PROFESSIONAL EXPERIENCE

- Backend Developer (PHP / Laravel)
At Harvest British College July 2025 – Sep 2025
Developed and maintained web applications using Laravel framework, including:

- **English and Dutch Course Management System –** implemented core modules for HR, Finance, Operations, Technical, and Sales, in addition to managing courses, students, and scheduling efficiently.
- **Law Firm Management System .**
- **Real Estate Management System .**

- Backend Developer (PHP / Laravel) Sep 2025 - Present
At Triple Agency
Developed and maintained web applications using Laravel framework, including:

- **Move Point –** Enterprise ERP & CRM Management System – implemented a scalable ERP & CRM solution to manage recruitment lifecycles, sales pipelines, lead tracking, and complex payroll processes. Integrated WhatsApp API for real-time communication and built dynamic dashboards to enhance operational efficiency using PHP, Laravel, MySQL, and JavaScript.

- **Real Estate Management System –** developed a property management system to handle real estate listings, clients, and operational workflows efficiently.

- **WhatsApp Platform & Automation System –** built a WhatsApp-based platform allowing users to register, create accounts, and authenticate securely using QR Code scanning to generate access tokens. The system supports adding and managing multiple WhatsApp instances per phone number, enabling advanced automation and messaging workflows.

- **Wander** Developed the backend of a social location-based mobile app using Laravel, MySQL, and REST APIs. Implemented core features including authentication, user profiles, posts, comments, likes, shares, saved posts, check-ins, location-based user discovery, tagging, follow requests, privacy controls, notifications, chat, profile views, and reporting dashboards.

Bullet Points :

- Built scalable Laravel REST APIs for a social networking mobile application. Implemented location-based check-ins, nearby active users, and tagged user availability.
- Developed profile, post, follow, privacy, notification, chat, and reporting modules.
- Added complex privacy and visibility rules for posts, tags, followers, and profile content.

- Integrated media handling for profile images, post images, videos, and cloud storage URLs.
- Designed database relationships for users, posts, tags, check-ins, follows, chats, and reports.
- Improved API response structures for mobile app workflows and real-time social features.

- **Home Plate**, a multi-role food delivery platform built with Laravel, supporting customers, vendors, riders, and admins. The system includes RESTful APIs for mobile applications, an admin dashboard for operations management, order lifecycle tracking, vendor and rider onboarding, wallet and withdrawal handling, support tickets, ratings, push notifications, localization, payment integration, and Cloudflare R2 integration for scalable storage and delivery of images and videos, along with mobile app version control for Android and iOS.

- **Frontend Developer | Trainee**

ITI

- **Information Technology Institute, El Mansoura, Ad Daqahliyah, Egypt.**
- Completed a Front-End development course **covering HTML, CSS, JavaScript, React framework.**

Courses & Certifications

Laravel Advanced - *Udemy*
JavaScript Basics - *Coursera*
React Basics - *Coursera*.
Database Fundamentals - *Mahara Tech*
Python Fundamentals - *Mahara Tech*

Technical Skills

• **Languages & Frameworks:** PHP, Laravel, JavaScript, HTML5, CSS, React.

• **Databases:** MySQL.

• **Tools & Technologies:** Git, GitHub, RESTful APIs, JWT, Livewire, Sanctum, Spatie Permission, Pusher, Stripe .

• **Concepts:** OOP, Design Patterns, MVC Architecture.

Languages

• **Arabic:** Native.

• **English:** Good Working Proficiency.
